

Student Consent Form for Architectural Technology Department

I, _____, have been asked to take part in a research study about architecture software-based learning activities. The study was explained to me by _____, a professor at NYC College of Technology.

I understand that I will take quizzes in class and that the grades will also be used for a research project. Participating in the research will not be any different or take any extra time than the normal activities done in class. I will face no known risks by taking part in the research. My participation is voluntary, and I can change my mind at any time without any penalty.

About 200 students will take part in this research. The person conducting the research will not reveal my name to anyone, and my name will not appear in any reports on this research.

I was also informed that if I have questions, I can call, Claudia Hernandez or Anne Leonhardt at 718-260-5262. If I have questions about my rights, I can call the IRB Administrator at 718-260-5081 or email them at irbadministrator@citytech.cuny.edu.

After I sign this form, I will receive a copy of it.

I am willing to take part in this study.
